

P = Parking

don't blow past post 35

turn right onto low-use trail at top of hill

if my memory serves me well: keep left at Y intersections, straight thru 1 cross-trail (if you're in the power line cut, back up, you missed a turn)

bridge

enter off-trail-ish section here; watch for it

these 2 sections are in the (old) pine plantation watch for turn; don't go straight

don't go out onto wide sandy 2-track stay in the pines

cross wide 2-track sandy road; continuation trail may be overgrown/faint

don't pop out onto Patterson Lake Rd; stay in the woods
